Expertise in Areas: Front-End Development, Web DesignDesign

Projects

Portfolio Website: (React, Tailwind CSS, Framer Motion) — **Project Website** — **Source Code**
- Built a **fully responsive portfolio website** to showcase skills, projects, and achievements.
- Designed a **clean and visually striking UI** using **Tailwind CSS** for a modern aesthetic.
- Integrated **smooth and interactive animations** powered by **Framer Motion** for an engaging user experience.
- **Deployed** the project on **Vercel**, ensuring **fast and secure performance** across all devices.

Prescripto - Doctor Appointment Booking Website: (React.js, Tailwind CSS) **Project Website** — **Source Code**
- Developed a platform for users to **book doctor appointments** by filtering doctors by specialty.
- Enabled users to **select dates and time slots** within a **7-day window** for convenient scheduling.
- Built a user-friendly UI with **React.js** and styled using **Tailwind CSS**.
- Designed features to view available doctors, filter by specialty, and confirm bookings seamlessly.
- Future updates include functionality to **view and manage appointments**, such as rescheduling or cancellations.

Real Estate Website : (React JS, Tailwind CSS, Framer Motion) **Project Website** — **Source Code**
- Developed a **responsive Real Estate website** with a **modern and professional design**.
- Integrated **Framer Motion animations** for a smooth and engaging user experience.
- Implemented a **functional contact form** using **Web3Forms** to receive email inquiries directly.
- Deployed on **Vercel** for fast loading, seamless navigation, and smooth performance across devices.

CRISP - Modern React Landing Page : (React.js, Tailwind CSS, Framer Motion) **Project Website** — **Source Code**
- Designed and developed a **responsive landing page** for **CRISP**, a fictional restaurant, featuring a **clean layout** and a **modern user interface**.
- Integrated **Framer Motion animations** for engaging and smooth transitions.
- Styled the website using **Tailwind CSS** to achieve a sleek and modern design.
- Deployed the project on **Vercel** for fast and reliable performance across all devices.

Work Experience

CodSoft	**Oct 2023 - Nov 2023**
Frontend Developer Intern	*Bhubaneswar (Remote)*

- Worked with **HTML**, **CSS**, and **JavaScript** to develop web applications.
- Gained hands-on experience in **Python programming** by working on projects like a **to-do list, calculator,** and **contact book**.
- Enhanced coding skills through **real-world tasks**, focusing on **problem-solving** and building functional applications.

Octanet	**Dec 2023 - Feb 2024**
Frontend Developer Intern	*Bhubaneswar (Remote)*

- Focused on **Frontend Development** using **React.js**, **CSS**, **HTML**, and **JavaScript** to create responsive and optimized web applications.
- Developed a **travel landing page** and a **to-do list**, improving **user experience** and website **efficiency**.
- Enhanced user interactions by improving the performance and responsiveness of web pages.
